Creativity in the Classroom

This past month, our fifth graders broke into small groups to re-enact the stories of Jesus' miracles. They shared what Jesus did and talked about what he continues to do for each of us. The first photo is the re-enactment of Jesus feeding the 5000. The second is that of Jesus' healing of a paralyzed man.

Our Lenten Journey

On Ash Wednesday, PSR families, and many extended families, joined the parish community for the evening Mass. The PSR children were excited to participate in the liturgical roles at Mass, such as servers, *lectors*, gift bearers, and choir. Great job to all! We are grateful so many could attend. As we continue our Lenten journey together, let us reflect on the blessings God gives us. Let us pray for each other, especially those preparing for the Sacraments.
