Family Rosary Night

PSR families gathered together in the gym at the end of October to pray together during the month of the Rosary. Our students were filled with excitement as they led the Rosary prayers and gathered around a life-size rosary with their parents, siblings, Fr. Mike and the PSR community.

The families were invited by Mrs. Kelly to lift someone up in prayer during this time, and to pray for the conversion of sinners and reparation of sin. We reflected on the importance of frequently praying the Rosary to our Spiritual Mother, Mary, and contemplating on the mysteries of Jesus' life, passion, death, Resurrection, and Ascension. It was a blessing to spend this time together in prayer and community as we asked for Mary's intercession and grew in our relationship with Jesus. We of course ended the evening with cookies!

Reflecting on the Saints

All of our classes have spent time each month learning about the Saints and discovering how they can be role models in our own lives. The eighth graders continue to work on their Saint projects as they prepare to choose their Confirmation Saint. Our fourth graders each gave a PowerPoint presentation about a Saint they chose. First graders learned about the many Saints we pray to, especially on All Saints Day, and they made art projects in October with pumpkins and Saint images.
